

Learning > Changing

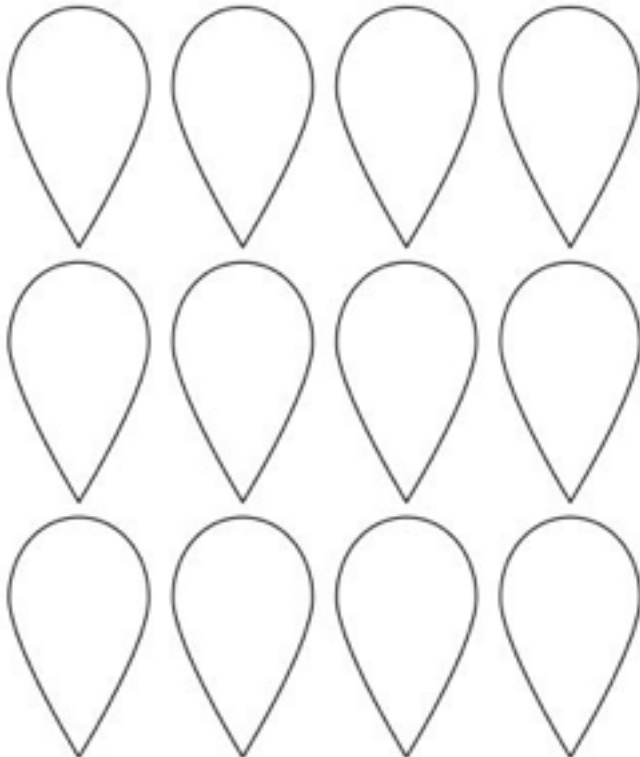

Family Page
lesson passage: James 2

We are learning how God expects our lives to change as we learn his instructions for us. Most especially he says we are to treat all people well. Sometimes this is easy and sometimes it is hard.

This week take the opportunity to talk about some of the things you ALREADY do in your everyday ordinary lives that is honoring to God in the way you treat others. Perhaps you sponsor a child somewhere or give to a ministry or non-profit that supports vulnerable people. Perhaps you make a habit of letting others go first by holding doors open or in the grocery store line. Write each one on a flower petal and add it to your flower.

Next decide on a few ways that you think you can accomplish individually and as a family to continue to treat all people well. As you do them, add petals to your flower.
