Group resources really work!

This Group resource incorporates our R.E.A.L. approach to ministry. It reinforces a growing friendship with Jesus, encourages long-term learning, and results in life transformation, because it's

Relational

Learner-to-learner interaction enhances learning and builds Christian friendships.

Experiential

What learners experience through discussion and action sticks with them up to 9 times longer than what they simply hear or read.

Applicable

The aim of Christian education is to equip learners to be both hearers and doers of God's Word.

Learner-based

Learners understand and retain more when the learning process takes into consideration how they learn best.

We know you care about kids...

We do, too!

That's why we attempt to ensure that all crafts, toys, and gizmos meet or exceed national safety standards—and are produced by manufacturers that don't use child labor or abuse their labor force. You can order Group resources knowing that in addition to caring for *your* kids, you're also caring for children elsewhere.

Let's keep kids safe!

We strive to provide products that are mechanically reliable and hold together during normal, intended usage. Items are also checked for flammability, and both paint and surface coatings are checked for heavy metals—including lead.

You can help your children stay safe by seeing that toys and gizmos are used as designed, for the purposes designed, and that any broken pieces are disposed of promptly and properly. We value your feedback. If you become aware of a problem affecting the safety of any of our products, please inform us immediately.

Welcome to the Adventure!

So, you've signed up for the preschool class! These kids have a natural love for God, for you, and for everything that makes noise. They may have short attention spans, but they are still soaking up everything you show them and tell them. Whether you're a veteran or a novice, you are going to have a fun year! You can be the one who shows them the love of Jesus. What a blessing for you and for them!

Three- and four-year-olds think very concretely. They need to experience, see, touch, taste, and smell what they are learning about. They are experimenting with physical movements and making sounds. They accept much about the world that they are discovering. Jesus is as important to them as he is to you. The love of Jesus will become real to them through the love they experience from you. You will be an example of Jesus that they can touch firsthand!

Your children will learn best by experiencing new things. What they see and experience from you they will transfer to what Jesus is like. What they experience during activities will translate into what they know about the Bible story you are teaching them. You will change their lives as you help open their minds and hearts to the most important person in their lives, Jesus.

Here are a few helpful do's and don'ts to make experiential learning work best for you and the children:

- **Do think outside the learning-space box!** Move tables so students can move around freely and work in groups. Use blocks and blankets to create unique spaces.
- **Don't expect them to sit still.** Allow children to move through experiences—touching, manipulating, tasting, smelling, and making noise—all for the glory of God.
- **Do take advantage of teachable moments.** Watch how your children act, and weave what happens into the lesson. Look for ways to bring in tastes, smells, and sounds to your classroom and use them during the lesson.
- **Don't show children the contents of the Learning Lab®** before they are used in the lessons. Keep them guessing what's coming next!
- **Do get to know your children.** They are anxious to share what they are learning. They will look for you every week.
- **Don't forget—experiential learning is fun and captivating!** Enjoy it! A positive experience learning about God within the safe boundaries of your classroom will lead to more positive experiences with God outside the classroom. What a great way to encourage your students to discover the joy of the Lord firsthand and to grow in a personal relationship with Jesus Christ!

Be aware that some children have food allergies that can be dangerous. Know your children, and consult with parents about allergies your kids may have. Also, be sure to read food labels carefully as hidden ingredients can cause allergy-related problems.

Module Introductions Within each quarter of Hands-On Bible Curriculum, there are three or four modules. Each module has a theme that runs throughout the lessons. The introduction to each module includes an overview of the lessons and a chart listing the Bible Point and Scripture used in each lesson.

Bible Point There's one point that you want your children to take home at the end of your lesson. That's the Bible Point. You'll see it referenced in the margin as well as italicized and underlined in the lesson. We've designed for it to be repeated numerous times during the lesson so no one will miss it.

Bible Verse These words, taken from God's Word, show the biblical basis for the lesson. The Bible verse appears in boldface in the lesson.

Teacher Enrichment This part of the lesson is just for you. If you can, read it early in the week. It includes an explanation of the Bible passage and some suggested ways to pray during the week so you'll be prepared, heart and mind, for your important hour with your children.

This Lesson at a Glance This valuable chart shows you the big picture for your lesson. You can quickly see what supplies you'll need and what needs to be done before you begin. A minute on this page will save you 10 during your lesson!

The Jesus Connection To us, this is the most important thing—making the connection between the story and Jesus, the reason for the story. You'll find a Jesus Connection in every lesson, set apart in a box. We want children to find Jesus every week in your class, so don't miss this part of the lesson.

Teacher Tips You'll find these in the margin throughout the lesson. They're just to give you additional ideas to enhance what you're doing. They vary from alternative ideas for activities to age-level insights.

Take-Home Papers These photocopiable pages that you send home with your families every week will help to reinforce the lesson and encourage learning all week long!

“There is only one thing worth being concerned about.”

—Luke 10:42

What is this one thing? It's the whole reason for this curriculum—

it's the whole reason for Sunday school. It's what we (and you) want your kids to know! Check out what Thom and Joani Schultz (Group's chairman and chief creative officer) have to say about the one thing and what it means in your life.

In Luke chapter 10, Jesus visits the home of Mary and Martha. As Martha worries about preparing dinner and being a busy servant, she gets upset because Mary isn't helping. But Jesus tells her, “There is only one thing worth being concerned about. Mary has discovered it, and it will not be taken away from her.”

Martha was doing good work. In fact, she was serving the Lord. But Jesus made his priority for us clear. He wants to have a loving relationship with us even more than he wants us to serve him.

Many might say Jesus is the one thing. But no, it's a **growing relationship with Jesus**. Martha would have identified serving Jesus as the one thing. But Mary better understood the *real* one thing.

We believe that the church, like Martha, is often distracted by many things. It tends to deprioritize the one thing. Many other well-intentioned things get in the way. Churches and Christians can get sidetracked with an emphasis on rules, political positions, appearances, social action, secondary goals, theological disputes, solemnity, rituals, and more. To the spiritually hungry, churches often seem more preoccupied with these distractions than the one thing.

If the church wishes to pursue a growing relationship with Jesus, it will need to rethink and reprioritize its ministry. A one-thing ministry emphasizes relationship. And we believe a relationship with Jesus resembles in many ways a human-to-human relationship—a friendship. The process of attraction, getting acquainted, enjoying one another's company, having fun, growing closer, and forming a bond of love and devotion is a natural one that lends clues to how a one-thing relationship may form in the context of church ministry.

How can we build a church that becomes an incubator for a one-thing relationship, for *real* friendship with Jesus?

That's what Hands-On Bible Curriculum is all about—helping kids grow their friendships with Jesus. As they experience the Scriptures and do the activities, they're building that relationship in a real and relevant way.

What's the most important thing your church can do for kids? Help them choose the one thing. And use tools like Hands-On Bible Curriculum to make it a reality.
